Suet Feeder Comparison by Price Range

Drs. Foster & Smith Educational Staff

suet feeders compare features and prices

Suet feeding isn't just for winter. Many bird enthusiasts use this high-fat food year-round because it gives birds a long-lasting energy source as they prepare to nest and raise nestlings, store up for migration, and survive long winters when natural food sources are scarce.

Suet feeders are an ideal complement to seed feeders. Chickadees, bluebirds, woodpeckers, mockingbirds, warblers, titmice, kinglets, nuthatches, jays, wrens, starlings, and other birds will eagerly visit your suet feeders. Compare our suet feeders below to find the one that best fits your needs and your space.

under $10				
Feeder	**Holds**	**Mount Type**	**Made of**	**Special Features**
