

## Mare & Foal Supplements: Compare

*Drs. Foster & Smith Educational Staff*

Both breeding mares and their foals need special supplementation to ensure their good health. Folic Acid is needed for mare and foal health as well as antioxidants, calcium, and iron. The following is a chart listing the products we carry and the amount of specific ingredients they have.

Product/ Size/ Servings	Form	Mare or Foal	Daily Serving	Folic Acid (mg)	Vit. E (IU)	Vit. A (IU)	Calcium (mg)	Phos- phorus (mg)	Selen- ium (mg)	Pro- biotics
<a href="#">Mare Plus</a> by Farnam 3 lbs/24 7 lbs/56 20 lbs/160	Crumbles	M	2 oz	18	120	100,000	36	28	0.02	N
<a href="#">Foal-Lac Pellets</a> by Pet Ag 25 lbs/63	Pellets	Both	1 cup (6.4 oz**) ) 1 cup**	Y	16 16	6,000 6,000	1724 1724	1361 1361	0.02	N
<a href="#">Foal-Lac Powder</a> by Pet Ag 25# (per 8 oz)	Powder	5#: 10 25#: 50			7500		0.90%
