

How to Make Your Bird's Cage a Comforting Home

Drs. Foster & Smith Educational Staff

The right accessories truly make your bird's cage a comforting home and help ensure you have the basics for taking proper care of your feathered companion.

For foot and muscle health, provide an [assortment of perches](#), like our [Comfy Perch](#) in various styles and sizes.

For easy access to food and water, choose **adequately sized, easy to remove and clean** [dishes](#).

In their natural habitat, birds find hidden solitude within their environment. Cage-side [fleecy sacks](#) or our [Bird Bunker](#) give your bird a **cozy retreat**, as do woven [bamboo nests](#) or [wooden nest boxes](#).

To comfort your bird and easily convey the concept of sleep – and quiet-time – use a [Cage Cover](#).

Essential [grooming supplies](#) include [nail clippers](#), a sharp pair of scissors, a [spray bottle](#) for misting, and a [bird bath](#).

Select a **large quantity and variety of** [toys](#) to make your bird's cage an entertaining, stimulating place.

Precut [Cage Catcher Liners](#) allow droppings to be easily inspected for changes, and can be peeled away and replaced quickly.

Non-toxic [Poop-Off](#) may be used to clean food spills and other cage messes and may keep odors at bay.
