

Compare Pond De-Icers

Drs. Foster & Smith Educational Staff

De-Icer	Watts	Features	Diameter	Cord	Comments
 <p>Submersible Pond De-Icer with Guard</p>	1,500	Powerful submerged pond de-icer works safely out of view	13"	10 ft	Keeps ponds up to 600 gallons, free of ice
 <p>Tetra Pond Floating Pond De-Icer</p>	300	Decorative, faux-stone housing.	10-1/2" x 5-1/2"	15 ft	Energy-efficient thermostatically controlled de-icer. UL-Listed. Effective to minus 20°F
	40	Reliable performance even at ice depths up to 15 inches.	23" x 8"	15 ft	Energy-efficient de-icer works like a chimney to exchange oxygen-poor water trapped under the ice with freshly

 <p>Pond Breather</p>	oxygenated surface water.
 <p>Laguna Power Heat 500W Pond De-icer</p>	<p>500</p> <p>Features a highly-visible LED light that indicates proper function of the unit.</p> <p>7-1/2" x 5"</p> <p>22 ft</p> <p>Houses four thermosensors that sense water temperature from different locations within the unit. Accurate thermostatic control even in freezing conditions, 20° Fahrenheit and below</p>
 <p>Laguna Power Heat 315W Pond De-icer</p>	<p>315</p> <p>Power LED, safety shut-off. Glowing LED pilot light confirms unit functioning properly</p> <p>7"</p> <p>22 ft</p> <p>Safe for plastic and liner ponds, will not harm fish and plants. Works well with Laguna Aeration kit</p>
 <p>Thermo-Pond De-Icer</p>	<p>100</p> <p>designed to keep an 8-1/2" hole free in the ice - allowing toxic gases to escape during winter months through its 2" center vent.</p> <p>11-1/2"</p> <p>10 ft</p> <p>Energy-efficient pond de-icer operates on only 100 watts</p>
 <p>Convertible Pond De-Icer</p>	<p>1,500</p> <p>Versatile 2-in-1 pond de-icer you use as a floating or sinking unit</p> <p>7-1/2"</p> <p>15 ft</p> <p>Multiple thermostats ensure accurate activation when pond water temperatures drop below 43°F and automatically shuts off at 58-60°F.</p>
 <p>Perfect Climate Deluxe Pond De-Icers</p>	<p>250, 750, or 1,500</p> <p>Energy efficient unit can be used as a floating or submersible de-icer to maintain an area of open water in ponds during winter.</p> <p>6" or 9-1/2"</p> <p>12 ft</p> <p>Thermostatically controlled de-icer operates automatically once temperature falls</p>

	200	Large, low-profile pond de-icer resists tipping against blustery winter winds.	12.5"	10 ft	Maintains a vent hole in the ice to ensure proper gas exchange throughout the winter
Heated Pond Saucer					
	1250	Thermostatically controlled de-icer operates below 35°F to maintain an open area free of ice for vital winter gas exchange.	7"	10 ft	Powerful, heavy-duty floating de-icer with virtually indestructible patented cast aluminum housing
Floating Pond De-Icer
