TREATS: Practice variety

Your dog's treat regimen should have plenty of variety. That's because your pet benefits a number of ways from different kinds of treats, plus, your pet enjoys variety as much as you do! Here are five categories of treats that offer the most diverse choice:

■ [Dental treats](#) massage gums and clean teeth

■ [Training treats](#) are small and quickly consumed so your dog does not become distracted from training tasks

■ [Biscuits/Crunchy treats](#) promote healthy teeth and gums.

■ [All-natural treats](#) are protein-rich and full of the natural flavors dogs love. They promote dental health by cleaning teeth and stimulating gum

■ [Chew treats](#) are great for any-age and any-size pet
