

Compare Pond De-Icers

Drs. Foster & Smith Educational Staff

| De-Icer | Watts | Features | Diameter | Cord | Comments |
|---|-------|--|------------------|-------|---|
|  <p>Submersible Pond De-Icer with Guard</p> | 1,500 | Powerful submerged pond de-icer works safely out of view | 13" | 10 ft | Keeps ponds up to 600 gallons, free of ice |
|  <p>Tetra Pond Floating Pond De-Icer</p> | 300 | Decorative, faux-stone housing. | 10-1/2" x 5-1/2" | 15 ft | Energy-efficient thermostatically controlled de-icer. UL-Listed. Effective to minus 20°F |
|  <p>Laguna Pond Winterizing Kits</p> | 315 | Complete pond winterizing kit at a budget-friendly package price | 7" | 22 ft | Laguna Pond Netting, Aeration Kit and Power Heat Pond De-icer are the core products that ensure a smooth transition from fall to winter and a successful spring opening |

| | | | | | |
|--|-------|--|-------------|-------|--|
|  <p>Pond Breather</p> | 40 | Reliable performance even at ice depths up to 15 inches. | 23" x 8" | 15 ft | Energy-efficient de-icer works like a chimney to exchange oxygen-poor water trapped under the ice with freshly oxygenated surface water. |
|  <p>Laguna Power Heat 500W Pond De-icer</p> | 500 | Features a highly-visible LED light that indicates proper function of the unit. | 7-1/2" x 5" | 22 ft | Houses four thermosensors that sense water temperature from different locations within the unit. Accurate thermostatic control even in freezing conditions, 20° Fahrenheit and below |
|  <p>Laguna Power Heat 315W Pond De-icer</p> | 315 | Power LED, safety shut-off. Glowing LED pilot light confirms unit functioning properly | 7" | 22 ft | Safe for plastic and liner ponds, will not harm fish and plants. Works well with Laguna Aeration kit |
|  <p>Floating Pond De-icer</p> | 1,250 | Powerful, heavy duty floating de-icer with virtually indestructible patented cast aluminum housing | 7" | 10 ft | Thermostatically controlled de-icer operates below 35°F to maintain an open area free of ice for vital winter gas exchange |
|  <p>Convertible Pond De-Icer</p> | 1,500 | Versatile 2-in-1 pond de-icer you use as a floating or sinking unit | 7-1/2" | 15 ft | Multiple thermostats ensure accurate activation when pond water temperatures drop below 43°F and automatically shuts off at 58-60°F. |
