

Fun Facts: Chinchilla

Drs. Foster & Smith Educational Staff

 Chinchillas need a dry habitat and need dust baths several times weekly; in fact, a dust bath is necessary to keep a chinchilla's fur soft

 A chinchilla needs a multiple level habitat

 A chinchilla sounds like a chirp or peep. Chinchillas also cackle, and emit a sound "kee-kee-kee"

 Always place your chinchilla's cage in a corner or with at least one side to the wall

 A chinchilla has approximately 90 hairs per hair follicle; humans have 1-2 hairs per follicle

 When a chinchilla is grooming himself, he is happy and relaxed
